**02. Your perfect ride
for two.**

New for 2025.

- 14" SC Spyder Rims & Low Profile Tires
- Locking Glove Box
- All-New Sport Upholstery
- Touchscreen Infotainment System
- Wireless Apple CarPlay & Android Auto

Unmatched value.

The 2025 NXT delivers unmatched value with exciting new features added to our already industry-leading specs. Enjoy the stunning new colours, including the Ferrari-inspired Rosso Corsa red, 14" wheels, and a touchscreen infotainment system with wireless CarPlay & Android Auto, all standard. Paired with our powerful 72v battery system, 450a motor controller, and 4-disc hydraulic brakes, the 2025 NXT offers luxury, performance, and reliability like no other. With redesigned sport seating and a locking glove box added to its impressive lineup, it's the best NXT yet—designed to elevate every ride.

Why choose SC?

05.

8.1kw lithium battery pack

Spend less time charging and more time on the course with the largest capacity production pack ever.

72 volt

450 amp controller and 7.5kw AC motor makes this the most efficient and powerful vehicle in its class.

4 disc hydraulic brakes

The first golf specific cart to come standard with 4 disc hydraulic brakes, ensuring our customers area always in control.

EM brake

With the automatic park brake, there is no concern of run away carts.

SOFTEC suspension

Making the ride more enjoyable for each player means a happy round of golf.
